

Perfect Margarita Mix

The perfect margarita is a treasure. The tequila is the leading role, the mix is the supporting cast. Fresh ingredients are key. Please don't bring home that pre-made stuff from the liquor isle.

The measurement 'quart' below can be substituted out with any other measure.

Ounces, Cups, Liters, Gallons

- 2 Quarts Fresh Lime Juice
- 1.5 Quarts Fresh Lemon Juice
- .5 Quarts Fresh Orange Juice
- 3 Quarts Simple Syrup
- 6 Quarts Water

Seriously.... the balance of this mix is perfect!
Tart & Sweet... Nice & Neat!
